Residential on 0.19 Acres

NONE, High Level, Alberta

Here is a home that may be just what you have been looking for. 1520 sq. ft. home on an oversized corner lot in the newer sub-division in town. Walking in the front door, the large foyer is the first thing you notice. Just off to the right, are 2 great bedrooms and full bath. Walking into the living room, you notice the vaulted ceilings and the corner NG FP that is sure to create that warm ambiance you've just been able to dream about, till now. The kitchen is very well designed. Tucked behind a small feature wall, you have a ton of counter & cabinet space, pantry and a large window looking out to the fully fenced lot, giving you the peace of mind that your children are safe & secure. Just past the kitchen is your laundry room & separate office/den area. And now? You see the oversized master suite with a walk-in closet, a massive en-suite with neo angled shower & a make-up vanity. Located right beside the park means your little ones have a additional great play area and you're going to love spending time with Mother Nature on the walking trails that are right across the road. Here's something to consider. If you are still renting or looking for more space for your growing family, now is a great time to make the move to home ownership. PLEASE NOTE: There is a list of additional chattels that can be purchased separately. Basically, all furniture can be left with the property. Call for a complete list of those chattels.
